

AGENDA

FINE ARTS COMMISSION MEETING

10³⁰00 Hours, 23 July 1973, Rm 7B44 Hqs

STATINTL

1.

Chief, Logistics Services Division,
will address the Commission on his relationship with GSA
and related matters.

2. Location of Photos of Executives and Distinguished
Employees:

See Item 1 of the 26 June FAC meeting.

3. Informal Path Between the Ground Floor Northwest
Entrance and the Sidewalk to West Parking:

Please look at the employee blazed path so we can
decide if we should request that it be black topped.

4. An Alternative to Paving Stones in Front of
the Cafeterias:

I recently visited Winterthur where they have used
large loose stones to solve a problem similar to our
problem with the area in front of the cafeteria. I would
like to discuss this solution with the Commission.

5. Signs in the "Johns":

As various "Johns" are repainted, the sign which tells
employees where to call to report maintenance problems is
being painted over. We must decide whether this sign should
be replaced and, if it should, what kind of a sign should
replace it.

6. Telephone Book Design:

STATINTL

 will present the final design of the Agency Telephone Book to the Commission for approval.

STATINTL

Chairman, Fine Arts Commission
